.....

The version we got from Jennifer had lots of comments in them. I thought that this was more complete based on statements made in the team meeting. We will proceed with the version from Jennifer.

Thanks Scott would prefer to not have version control issues so tomorrow morning would be my preference. S

Hi Sean.

Jennifer is in the field today, but returning tomorrow.

I'm sure I have a copy of the latest 404, but I prefer to have Jennifer send it if you can wait until tomorrow morning just to be sure you will have the latest version.

The Chapter 3 consistency check has been performed and we have a green light from our cost team on the cross check between cost assumptions in the FS and cost elements described in the 404. I will share a summary of that cross-check from our cost team today.

Scott, Jennifer, Please send the latest 404 to Kristine with a copy to Lori and I-assuming the chapter 3 consistency check is done and Robin's intro comment has been incorporated. Lori and I will want one more consistency check once we see chapter 4 if schedule allows.

Thank you.

Hey Sean, can you send me the final version of the CWA Section 404(b)(1) analysis so that I can use information in it for Section 4 of the FS?
